REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The parent of the instant application S.N. 08/900746 is drawn to compounds belonging to esters of antiviral phosphonomethoxy nucleotide analogs; and is patented as USP 5,922,695. The instant application is drawn to one claim which recites a method of contacting a cell using the phosphonomethoxy nucleotide residue attached to an ester or amidate as shown in the formula Ia. The specification on pages 66-68 lists a host of molecules used in the claimed method. Therefore, the instant method claim is allowed to pass.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to PK Sripada whose telephone number is (703) 308-4717.
